This non-residential apprenticeship will take place 1-4 days a week on the Wild Abundance land in Barnardsville, NC (25 minutes from Asheville). We will largely be focused on Natural Building, but will also be exploring various other aspects of homesteading, including food preservation, gardening, crafts, and much more. This apprenticeship does not include food or lodging.

1. List any relevant experiences or interests (building, carpentry, gardening, farming, cooking for groups, off-grid systems, computer skills, design skills, etc):
2. This apprenticeship will be physically rigorous. How do you feel about this?
3. Please list contact info for 2 folks who you have worked for for money or trade:
4. We prefer to take apprentices for periods between 3 weeks and 4 months. Does this work for your schedule? What dates are you interested in?
5. Do you have your own transportation; What is it?
6. Do you have funds or other means to support yourself during the apprenticeship?
7. Is there anything that you would like us to know about you (please answer only if you feel called to; remember we will be having a phone interview too)?
